brief, but to the point

as you may have noticed, this year's yearbook came in two volumes. it looks bigger that way is why.

as you also may have noticed, there are very few if any pictures of the campus. if you've seen it once . . . . we figured you'd like to see things you hadn't seen before.

a lot of our pictures are very big. we liked them that way because

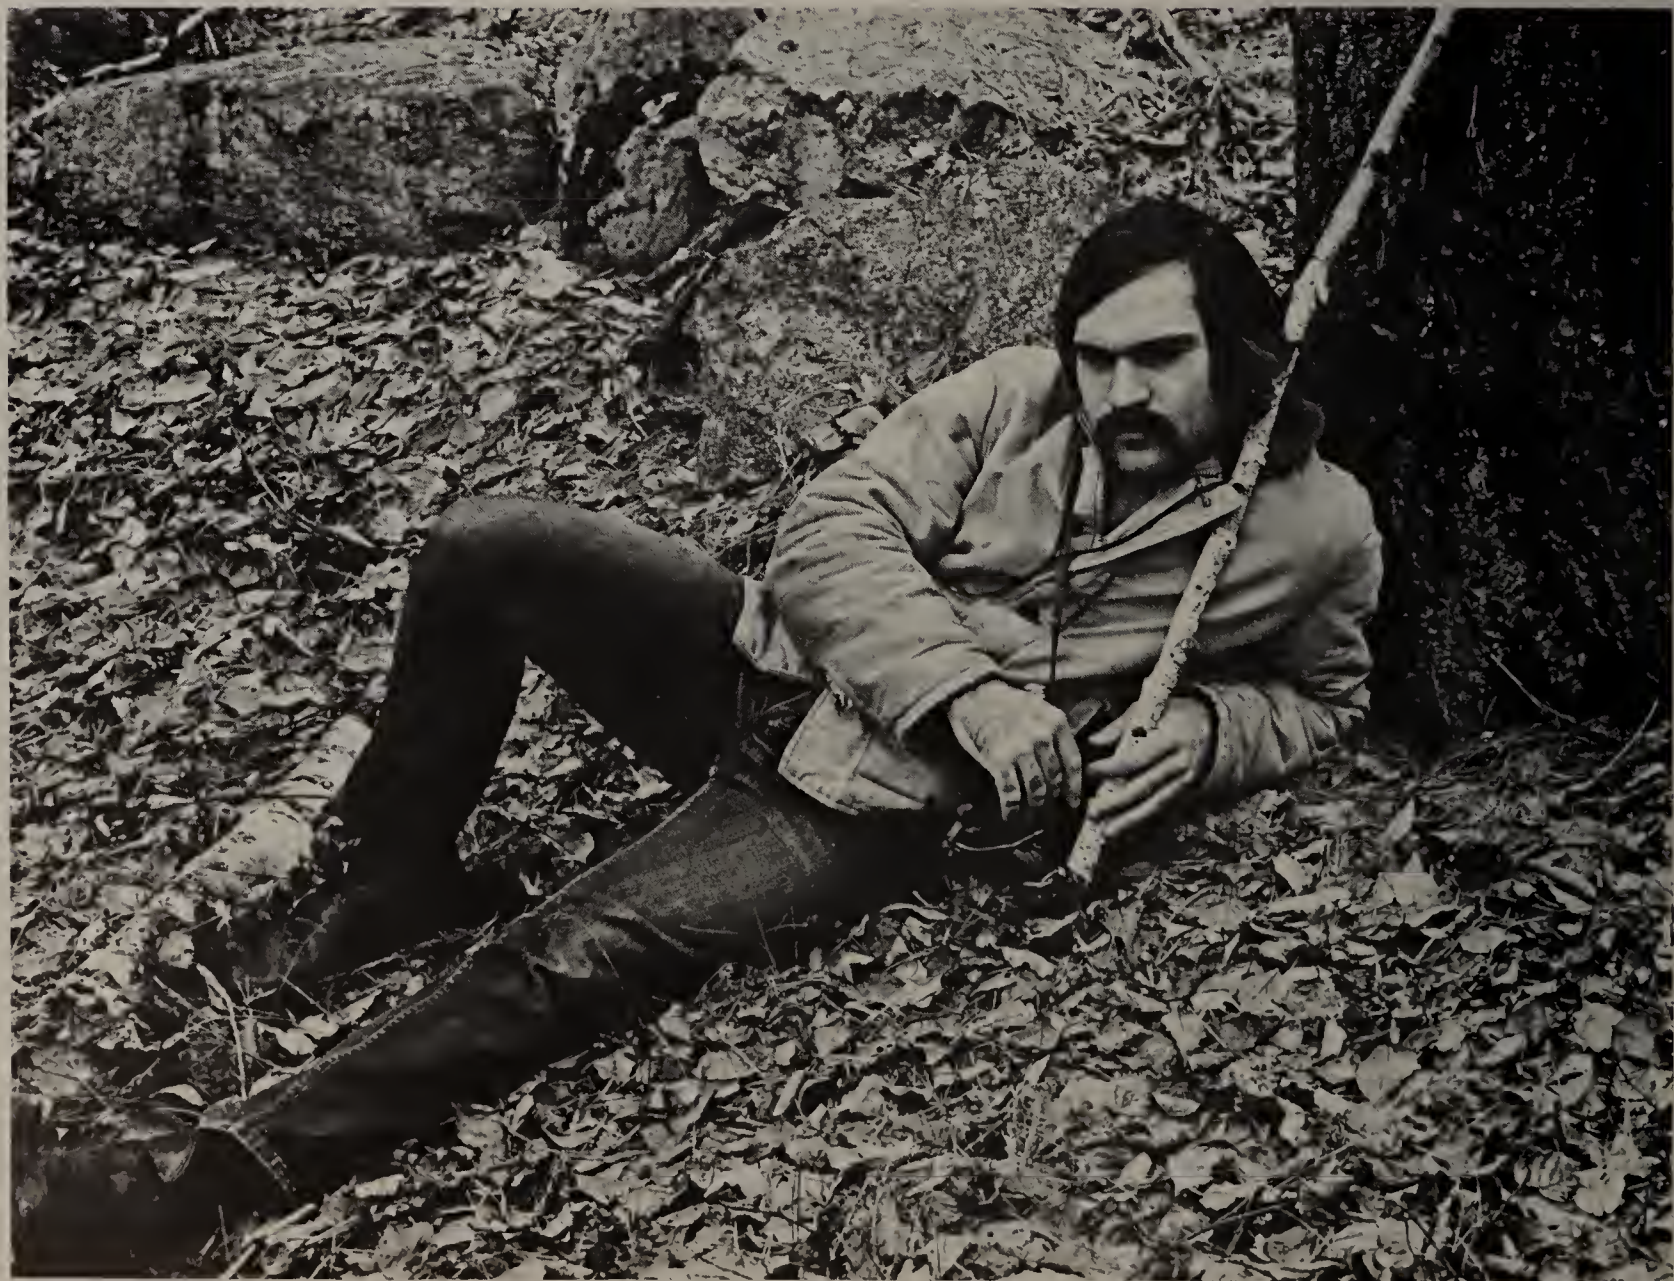

they're  
easy  
to

see.

special thanks to susan woolf, for material and spiritual assistance beyond the call of duty.

for the 1970 book,
